

CSfC Selections for Software Full Disk Encryption

Software Full Disk Encryption products used in CSfC solutions shall be validated by NIAP/CCEVS or CCRA partnering schemes as complying with the current requirements of NIAP's Protection Profile for Software Full Disk Encryption. This validated compliance shall include the selectable requirements contained in this document.

CSfC selections for Software Full Disk Encryption evaluations:

At this time, the CSfC Program does not require any selectable requirements for Software Full Disk Encryption.
